2. Hotel booking

Given the large number of competitors, the organizing team has been obliged to book two different hotels, in order to accommodate all the delegations.

6 nights are paid with the entry fees from Sunday 30th July to Friday 4th August (check out on 5th).

If you want to stay in the same hotel for the training session and the championship, you **need to contact the hotel**. Mâcon is a touristic city and hotels can be full in this period.

The organization just pre-booked the hotel for you, but you have to confirm and pay by yourself for the previous day before the championship.
